

CMI Newsflash February 2004

Dear CAD / PDM Professional,

T-Systems cordially invites you to attend our annual CMI User Day 2004 in Anaheim, California (USA) on May 20th 2004. This year, our CMI User Day will be held in conjunction with PLM World in Anaheim, May 16-21, 2004

Attendance at the T-Systems CMI User Day is complimentary! Don't miss your chance to see the only productive CAA technology based Teamcenter CATIA integration and take advantage of the unique opportunity to exchange experiences and ideas with current users and learn more about:

- Archiving simple and complex CAD data structures in PDM
- Integrating PDM processes in CATIA V4 / V5
- Achieving consistency between PDM and CATIA V5 data structures
- Integrating DMU processes
- Using CATIA V5 in a productive PDM environment
- Upgrading semi-professional script-based CATIA V5 solutions to professional CAA based solutions
- Exchanging experiences with customers that are already productive with CMI CATIA V5

Get informed about our new solutions for CATIA V4 / V5 and Teamcenter (TC). The preliminary agenda for CMI User Day includes:

- Presentations of the latest CMI 8.5 release (including a live demo)
- (CMI, TC Thin Client e!CMI, TC Rich Client CATIA connector, Supplier s!CMI, CMI DMU, etc.)
- CMI Success Stories presented by current customers
- Active exchange and discussion of new and future requirements
- Review of the upcoming CMI release 8.6
- CMI PDM Workbench – Immersive CMI workshop

To get the latest information about this event or for free online registration, please visit our CMI website:
