CMI Newsflash April 2004

Dear CAD / PDM Professional,

We are pleased to announce that **Renault, DaimlerChrysler and Lockheed Martin** will present their CATIA V5 Teamcenter integration projects at the CMI User Day in Anaheim, California (USA) on May 20th 2004. Use this chance to benefit from their experiences.

- Discuss with real experts the impact of CATIA V5 on your PDM processes
- Learn from their projects how to successfully implement CATIA V5 in your PDM landscape
- See the benefits of collaborative design with CATIA in PDM configuration context
- Learn how CATIA data can be accessed using the CMI DMU solutions
- Become aware of the important aspects of handling CATIA V5 data in PDM

Don't miss your chance to see the **only productive** working CATIA V5 PDM integration at the **CMI User Day**. Take advantage of this unique opportunity to benefit from successful customer experiences and the concepts behind their projects. Come and share this information with the leading companies in this field to **make your PDM CATIA V5 project a success**.

Attendance at the T-Systems CMI User Day is free!

Agenda

- Presentations of the latest CMI 8.5 release (including a live demo)
  (CMI, TC Thin Client e!CMI, TC Rich Client CMI CATIA connector, Supplier s!CMI, CMI DMU, CMI PDM Workbench, etc.)
- Customer Presentation Renault
- Customer Presentation Lockheed Martin
- Customer Presentation DaimlerChrysler
- Active exchange and discussion of new and future requirements
- Review of the upcoming CMI release 8.6

You can learn more about:

- Archiving simple and complex CAD data structures in PDM
- Integrating PDM processes in CATIA V4 / V5
- Achieving consistency between PDM and CATIA V5 data structures
- Using CATIA V5 in a productive PDM environment
- Upgrading semi-professional script-based CATIA V5 solutions to professional CAA based solutions
- Exchanging experiences with customers that are already productive with CMI CATIA V5

Make your CATIA V5 project a success and come to the CMI User Day 2004 in Anaheim, California (USA) on May 20th 2004!
