

Dear CAD / PLM Professional,

A. Visit us at the PLM World in Orlando

Gaylord Palms Resort and Convention Center in Orlando, FL

As every year, TSystems is presenting its PLM and CAD solutions at the annual PLM World in Orlando, Florida, US, June 2nd to 5th, 2008.

We are looking forward to welcome you at **booth #12**, where you can see live demos and get information about

- The latest enhancements for classic CMI
- The new PDM-Workbench 2.1 SR1 release
- CMI RII – the Eclipse RCP enabler for CATIA V5
- COMFOX JT Services

Don't miss the presentation of Winfried Weber about COMFOX the cutting edge JT converter: "COMFOX Enables High End Applications of JT and PLMXML at Daimler" on Tuesday 1:45pm.

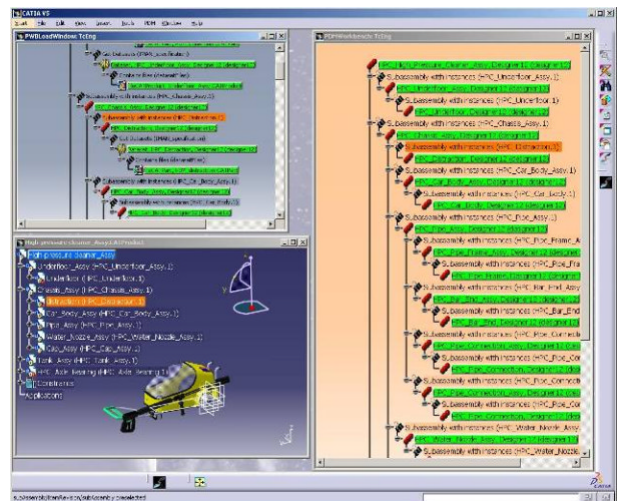

So, if you have to deal with CATIA in the context of Teamcenter and PLM, it's worth to drop by on our booth.

B. PDM-Workbench version 2.1 SR1 has been released

The PDM-Workbench is a full featured PDM client directly in CATIA V5 addressing the needs of the CATIA designer. The embedded CMI technology allows the consistent handling of CATIA data in context of PDM.

The new PDM-Workbench 2.1. SR1 release comes with great enhancements in direction of usability and performance. PDM-Workbench is available for all Teamcenter PLM product suites.

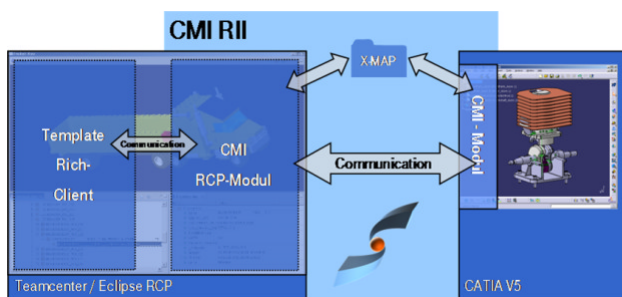

PDM-Workbench (e.g. TC Engineering)

C. CMI RII – The CATIA RCP PlugIn

CMI RII is a CATIA V5 integration module which unleashes the CMI CATIA module for integrations beyond Teamcenter Enterprise Classic Client. The CMI CATIA module can be plugged into any Eclipse Rich-Client.

CMI RII – Architecture Overview

Integrated in the Rich-Client of TC Unified Architecture, it enables ad-hoc the full functionality of CMI CATIA integration.

D. New License Manager

From CMI 9.2 onwards the new T-Systems license manager LICMAN 2.0 becomes mandatory. It offers some great enhancements:

- Reduced network traffic and ability to handle more client request at the same time.
- Installation of the license file at the client is no longer necessary.
- Different licenses can be collected in a single license file.

The TSystems' CMI and the LICMAN team is ready to support you with the switch from LICMAN 1.2 to LICMAN 2.0.

E. CMI 9.3 has been released

Since April 2008 the new CMI 9.3 release is available. An outstanding feature of this version is the complete support of CATIA Catalogs. Catalogs can now be

Read from Teamcenter

Built up from Teamcenter parts and synchronized or updated to Teamcenter

Best Regards,

Your T-Systems CMI Team
