

CMI Newsletter April 2009

Visit us at PLM World in Nashville

Gaylord Opryland Resort & Convention Center in Nashville, TN

As always, T-Systems will present its PLM and CAD solutions at PLM World, this year in Nashville, Tennessee, June 1-4, 2009.

We look forward to welcoming you to our **booth #21**; live demos of our products will be available.

- Latest enhancements to classic CMI
- The new PDM-Workbench 2.3 release for Teamcenter Unified
- CMI RII - Enterprise level CATIA integration for Teamcenter Unified
- CATIA supplier integration
- PDM-WebConnector
- COMFOX JT Translation Services

Are you involved in PLM with CATIA and Teamcenter? Drop by our booth; it will be time well spent. Please check the PLM World 2009 agenda for the **Theater Sessions** in the exhibition hall too.

Considering a Migration to Tc Unified?

Over the course of 20 years of evolution T-Systems has developed both COTS products and custom solutions to support the customers PLM infrastructure.

Now, T-Systems has ported the rich features within CMI to CMI RII in support of the new Teamcenter Unified platform.

As a PLM integrator T-Systems provides migrations support and custom features to meet your business needs.

Whether you're migrating from Tc Enterprise or Tc Engineering T-Systems can provide the right solution.

CMI 9.5 has been released

CMI 9.5 has been released at March 2008.
