CMI – The Integration Solution for all Teamcenters.

Partnership between Siemens and T-Systems

Siemens PLM Software and T-Systems intensify their partnership. T-Systems is now a Siemens Solution Partner for Software Technology, Consulting and System Integrator, enhancing our integration of Teamcenter Enterprise / Unified and CATIA.
A detailed press release will follow soon.

Visit us at PLM World

Despite the PLM World has been postponed because of the terrible flooding in Nashville T-Systems is determined to present its PLM and CAD solutions at the new time and location as to be communicated by the PLM World organization.
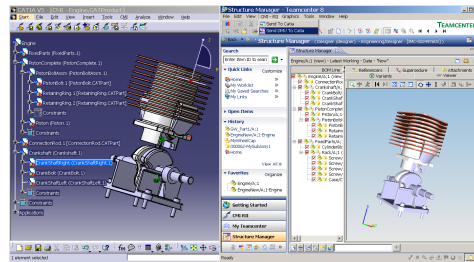

We look forward to welcoming you to our booth –the booth number will be communicated when available–; live demos of our products will be available.

- Latest enhancements to classic CMI
- CMI RII – Enterprise level CATIA integration for Teamcenter Unified
- CATIA V6 integration sneak preview
- COMFOX – JT Translation Services

Upcoming: Teamcenter Unified for CATIA V6

An increasingly pressing question is how a migration to CATIA V6 would impact my PLM infrastructure. Is it possible to protect my investment in Teamcenter and CATIA?
To answer this question T-Systems has started a CATIA V6 to Teamcenter integration project.
A live sneak preview will be available at PLM World.
T-Systems will provide an **easy upgrade and migration** path from CMI / CMI RII to CATIA V6 for both Teamcenter Enterprise and Teamcenter Unified.
