Compensation

The test license is free of charge.

Right of Use

Licensor hereby grants to the Customer a non-exclusive, non-transferable right to use the above software on the DP equipment stated herein. Modifications, re-engineering, changes, further development and copying (with the exception of a simple backup copy) of the above software is strictly prohibited. Reproduction of the documentation is only allowed with the prior written permission of the Licensor.

General

The Customer shall only utilize the Software for evaluation purposes. After completion of the evaluation or at the latest by the date stated under End of Agreement, the Customer shall either return the Software, including all delivered documentation and systems material and all reproductions created to the Licensor or destroy all aforementioned Software and documentation. The Customer can elect to retain the foregoing Software, documentation and system materials provided that a Software License Agreement and a Software Maintenance Agreement is immediately concluded with the Licensor.

This Software Licensing Agreement for Test Purposes is based upon the „General Terms & Conditions for Provision of Software for Testing Purposes“, valid at the date of signature. These are available for download at <https://servicenet.t-systems.com/productgtcs> and if so desired by the customer, the licensor will deliver a printed version.
